

Hikvision modularna portafonija – konfiguracija liste kontakata na DS-KD-DIS modulu

Konfiguracija liste kontakata

Programiranje modula se vrši putem iVMS-a verzije 3.x kojeg možete preuzeti na ovom [linku](#).

Nakon instalacije softvera potrebno je dodati modul vanjske jedinice u softver i kreirati mu grupu:

Nickname	IP	Serial No.	Operation
Door1_KD8003	192.168.1.11	DS-KD8003-IME1/EU01201904...	

Maintenance and Management

Device Management

Device: KH8350, KD8003

Group: Encoding Channel, Alarm Input

Event Management

Storage Schedule

Zone

Access C...ol Point

Na unutarnjim jedinicama je potrebno odrediti broj sobe i kata:

Zatim odabratи **Person** modul:

Klikom na **Add** dodajte korisnika i upišite mu broj sobe i kata pod **Resident information**:

Zatim odabratи **Access Control > Access Group > Add** kako bi se povezao korisnik sa brojem sobe:

The figure consists of three screenshots of a software interface. The top-left screenshot shows a dashboard with 'Video Application' and 'Access Control' sections. The 'Access Control' section has 'Persons', 'Access Control', 'Monitoring', and 'Door & Attendance' options, with 'Access Control' highlighted and a red box around it. The top-right screenshot shows a list of 'Access Group' items with a red box around the 'Add' button. The bottom screenshot is a detailed 'Add' dialog for 'Access Group'. It has two main sections: 'Person' and 'Device'. In the 'Person' section, 'Name' is set to 'TEST' and 'Template' is 'All Day Authorized'. Under 'Select Person Available', 'Test' is selected and highlighted with a red box. In the 'Device' section, 'Select Device Available', 'Door1_KD8003' is selected and highlighted with a red box. At the bottom are 'Save' and 'Cancel' buttons.

Potvrditi na **Apply to Device**:

This screenshot shows a list of 'Access Group' items. The top row includes buttons for '+ Add', 'Delete', 'Apply All to Devices' (which is highlighted with a red box), 'Apply Only Changes to Devices', and 'Applying Status'. Below is a table with columns: Name, Template, Person, Access Point, Status, and Operation. One item named 'TEST' is listed with its details: Template 'All-Day Auth...', Person 'Test', Access Point 'Door1_KD8003', Status 'To be Applied...', and Operation checked. A red box highlights the 'Apply All to Devices' button.

Na Display modulu ispisuje se **Importing**. Nakon što se import završi trebali biste moći izvršiti poziv preko imenika:
