Peut être installée directement sur une colonne (même pyramidale) sans utiliser le support fourni.

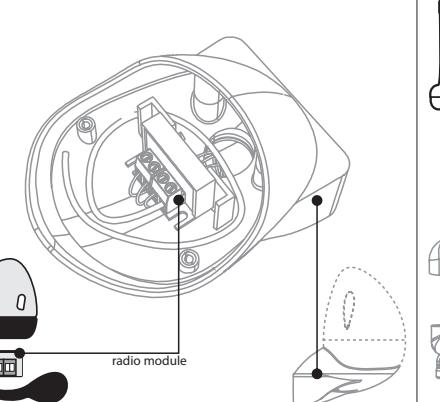

abbinato a **MODULO RADIO** cod. QK-MODRA_V4

La staffa a "L" opzionale del lampeggiatore offre la possibilità di ospitare al suo interno il **modulo radio** cod. QK-MODRA_V4(se disponibile). Questa operazione può aumentare in maniera considerevole la portata del segnale.

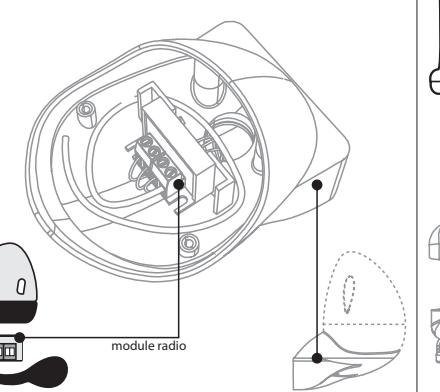

combined with **RADIO MODULE** cod. QK-MODRA_V4

The optional "L" bracket of the flashing lamp can host inside the **radio module** cod. QK-MODRA_V4(if available). This operation can significantly increase the signal range.

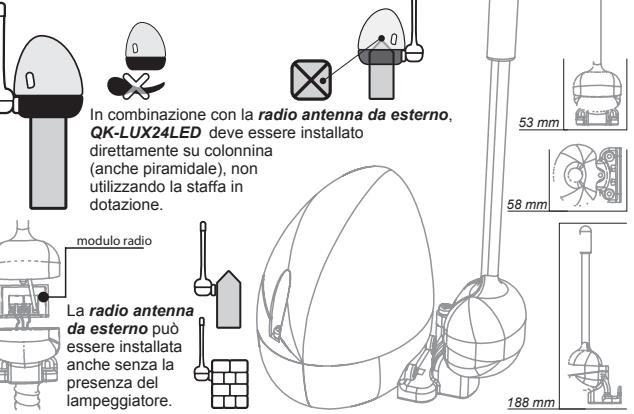

en combinaison avec le **MODULE RADIO** cod. QK-MODRA_V4

Le support à "L" optionnelle du lampe clignotante offre la possibilité d'installer dans son intérieur le **module radio** cod. QK-MODRA_V4 (si disponibile). Cette opération peut augmenter considérablement la portée du signal.

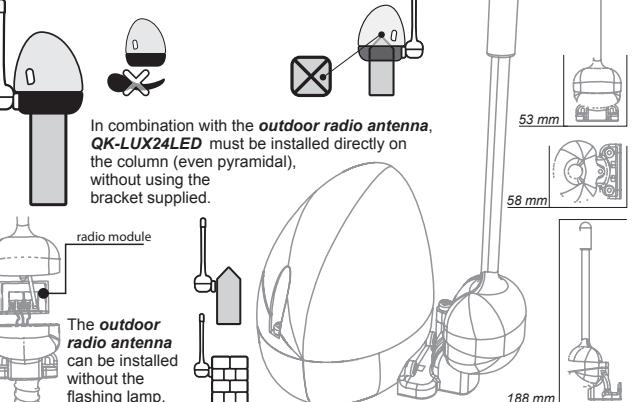

abbinato a **RADIO ANTENNA DA ESTERNO** cod. QK-AN433_V4

QK-LUX24LED può essere installato in combinazione con la **radio antenna da esterno** cod. QK-AN433_V4(se disponibile). Questa operazione può aumentare in maniera considerevole la portata del segnale.

combined with **OUTDOOR RADIO ANTENNA** cod. QK-AN433_V4

QK-LUX24LED can be installed in combination with the **outdoor radio antenna** cod. QK-AN433_V4 (if available). This operation can significantly increase the signal range.

en combinaison avec l'**ANTENNE RADIO EXTERNE** cod. QK-AN433_V4

QK-LUX24LED peut être installée en combinaison avec l'**antenne radio externe** cod. QK-AN433_V4 (si disponibile). Cette opération peut augmenter considérablement la portée du signal.
