

# DS-PDP18-EG2

- Modern design Delivers a small and sleek detection solution; providing a modern yet unobtrusive finish to complement any room.
- Detection range Up to 18m volumetric detection coverage, the Ellipse is the ideal solution for any small to large indoor rooms and spaces.
- Digital temperature compensation Digitally adjusts its sensitivity to maintain its specified range when the background temperature is close to body temperature.
- Automatic sensitivity self-adapts to changing environmental conditions to maintain stability and intruder catch performance.
- 3D optics Improves the detection of moving targets; ensuring more precise signals can be received from the PIR by enabling the perfect focusing of the infra-red signal onto the pyro-electric sensor.
- Creep-zone protection covers the blind spot area directly below it, where an intruder may have otherwise avoided detection.
- Selectable EOL resistors incorporates selectable alarm resistor values of 1K, 2K2, 4K7, 5K6 and 8K2, as well as tamper resistance values of 1K, 2K2, 4K7 and 5K6; catering for most control panels on the market.
- Wall and ceiling mount options can be fitted at a mounting height of 1.8m to 2.4m. There is also a ceiling mount
  option available if required.
- Anti-insect interference Protects the detector from possible insect infestation, as well as shielding air movement in front of its pyro-electric sensor and protecting against adverse reflections from inside the detector housing.
- Wide voltage 9 to 16 V wide voltage adaptation with polarity reverse connection protection
- IFT technology automatically adjust the upper and lower alarm trip thresholds when exposed to electromagnetic or electrical interference and shift the thresholds before the detector goes into false alarm.

#### Specification **Detection performance Detection Range** 18 m **Detection Angle** 85.9° 0.3 ~ 2 m/s Velocity range Sensitivity adjustment High, Auto, Low Pet Immunity 10Kg (With optional pet mask) White Light Filter 6500lux Software features Front Tamper-Proof **Hardware features** Indicator Blue (alarm) **Electrical characteristics** Power supply 9 to 16 VDC (standard: 12 VDC) **Power Consumption** 11mA quiescent, 8mA Alarm General Dimension(WxHxD) 65.4mm x 86.8mm x 45.5mm Weight 68 g Application scenario Indoor Installation height 1.8 to 2.4 m -10 °C to 55 °C (14 °F to 131 °F) Operation temperature -10 °C to 40 °C (14 °F to 104 °F) Certified Operation humidity 10% to 90% Bracket Optional wall & ceiling accessory -20 °C to 60 °C (-4 °F to 140 °F) Storage Temperature

## Available Model

DS-PDP18-EG2

### Accessory

#### Optional

DS-PDB-IN-Universal bracket Internal universal bracket	DS-PDB-IN-Wall bracket Internal wall mounted bracket	DS-PDB-IN-Ceiling bracket Internal ceiling mounted bracket
